PROJECTS

Portfolio Website

Designed and developed a personal portfolio website showcasing projects, skills, and achievements. - Built a fully responsive design for optimal viewing across all devices. - Implemented interactive UI elements using JavaScript for enhanced user experience. - Hosted the website online for accessibility. ([Link](#))

Saviours Organisation Website (20/5/2025 – 27/5/2025)

Developed a website using React.js and deployed it on Netlify for a non-profit organization. The platform highlights their social initiatives and enables better online visibility and engagement.

EXPERIENCE

Mentor & Technical Club Coordinator

Apeksha - Vyulha Community | July 2024 – Jan 2025

-  Conducted C and Python programming sessions for junior students, covering fundamental concepts and hands-on coding.
- Led a team of 15+ mentors, coordinated weekly syllabi, and ensured effective delivery of technical content.
- Played a key role in promoting the club on social platforms and organizing educational events

Frontend Developer Intern

Vitacure | Jun 2025 – Present

- Selected as a Frontend Development Intern to build a healthcare booking portal using React.js, focusing on user authentication and booking flows. Currently preparing UI components and planning user experience workflows for the project.
